

# A PARTNERSHIP FOR SUCCESS

Career Pathways Employment Program (CPEP), a program of Journey Home, provides a path out of poverty for underserved residents of Greater Hartford through meaningful employment with the following attributes: livable wages, allowing self-sufficiency, skills for the 21st century, and career growth through collaborative mentoring.

## HERE'S HOW WE DO IT:

By working with the Advanced Manufacturing Employer Partnership and other partner organizations, we are able to engage the manufacturing sector collectively to understand and address employer needs while providing opportunities for our local underserved residents.

For more information about CPEP, please contact Roy Mainelli at [roy.mainelli@journeyhomect.org](mailto:roy.mainelli@journeyhomect.org).
